Memory Garden Plaque Order Form

Commemorate! Celebrate! Congratulate!

Good Shepherd is growing a Memory Garden of love! This beautiful berry garden is the collaborative effort of the Alfonso family and Eagle Scout Luke Kolinsky. The concept grew through the planning stages to a fully realized hydroponic garden of blueberries and strawberries. Hydroponic gardening is a method of growing plants without soil—nutrients are dissolved in the water that surrounds the roots, so plants have even easier access to the nutrition they need.

Our Memory Garden is a way you can honor a loved one. The living, growing, blooming garden provides a long-lasting tribute for years to come. It is a meaningful way to honor someone who has passed, or a teacher who’s inspired and influenced you; you can also honor a graduate, a family milestone—baptism, first communion, etc. There is no limit to your choice of remembrance!

May you find joy in knowing that someone special or a significant occasion will never be forgotten!
