Kindergarten Readiness

Dear Families,

Here are some skills to work on over the summer with your child to ensure they have a successful start to their kindergarten year!

By August, my child can...

- Tell someone their first and last name
- Write first name clearly
- Identify basic colors
- Identify numbers 1-10
- Count sets of objects up to 10
- Recite alphabet
- Recognize most letters when given in isolation
- Independently use the bathroom
- Properly use school supplies such as; pencil, crayons, and scissors
- Listen and retell main idea of simple stories
